Frequently Asked Questions – Car or Minibus Supervision

When using a car or minibus for transport, does there have to be a second adult in the vehicle to supervise the young people?

The driver of a vehicle cannot drive and supervise young people at the same time. Therefore, if in your judgement the young people may need supervising during the journey - because of age, maturity, behaviour, special needs or medical issues etc, then a second adult to provide this supervision is necessary.

Please see the Transport documents in this guidance for further information.
